

# Comfort Club Maintenance Plan

## What is the Comfort Club maintenance plan?

All Comfort Services' maintenance program is designed to keep your heating, cooling, plumbing, and electrical systems well maintained, and to protect you from the unexpected costs of breakdowns and emergency repairs.

- **Annual Preventive Maintenance** — We perform full tune-ups on your heating and cooling systems every year to ensure they are running at optimal levels, and to spot small problems before they become big.
- **Electrical and Plumbing Safety Inspection** — We take an in-depth look at your electrical panel, water softener, and sump pump to ensure everything is safe and operating properly.
- **Discounts** — Comfort Club members receive discounts on goods and services.
- **Priority Service** — If there is a waiting list for dispatching technicians to emergency calls, we prioritize our Comfort Club members.
- **No Dispatch Fee** — We waive all dispatch fees related to covered systems.
- **No Overtime Fee** — We waive the \$150 overtime fee when you have an emergency after hours.

Sign up today, **\$99** start-up fee waived.

Your Cost **\$27.95**  
per month

### Basic plan:
